

DESCRIPTION

AntrumEYE® is your window into smarter, more sustainable ventilation.

This powerful device delivers actionable insights into how your facility is ventilated today and where energy savings can be achieved — all without costly infrastructure changes. With AntrumEYE, you gain a turnkey solution that captures, structures, and visualizes ventilation and energy performance data in clean, intuitive dashboards.

When you purchase AntrumEYE, you own the device and enjoy one full year of software access, including updates that keep your system performing at its best. After the first year, simply renew your subscription to continue unlocking real-time dashboards, rich datasets, and ongoing energy insights that drive measurable ROI.
